The Basics

The African theming is beautiful throughout the resort, and nothing beats the **brehtaking views** of the animals roaming the savannas.

Disney's Animal Kingdom Villas - Kidani Village is **one of my favorite Disney Vacation Club Resorts**. The theming, storytelling and details are unmatched, and there is absolutely nothing more incredible than watching the animals roam the savanna while enjoying your morning coffee or an evening glass of wine on your balcony.

If you decide to stay at this resort, I highly recommend a savanna view room so you can enjoy these **incredible views from your room**.

If you have time in your schedule, consider making an Advance Dining Reservation for Boma - Flavors of Africa... **there is something for everyone** on this buffet with exotic flavors!

One of my favorite Disney Resorts Collection hotels! With its unique theming, amazing animals and drool-worthy dining options, **this resort is a destination all by itself!**
